A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry-bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, hang-on chronic coughs, bronchial and throat troubles and chronic sore throat, with hoarseness. In acute coughs it is not so effective. It's in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine:

"In dyspepsia it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach). It is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

"Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the native medicinal roots composing this wonderful medicine. There is no alcohol in it.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Canthrarides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair growers.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

TO ANTAGONIZE ROOSEVELT.

In a sensational address to the country adopted by the National Afro-American Council in session in Baltimore last night this declaration was made:

"Injustice toward us as a race is everywhere increasing; race prejudice is growing in the republic, North and South alike.

"We approve the stand of President Roosevelt in behalf of fair play and a square deal for all American citizens as exemplified in the appointment of Dr. Crum and the Indianola postoffice affair. We deplore his discharge of 167 soldiers of the Twenty-fifth United States Infantry, without any competent legal evidence of guilt, as subversive of fundamental right. We trust that he will yet see the injustice done these patriotic soldiers.

"At the peril of his political life, Senator Foraker has championed the cause of the black battalion against the enormous and unexampled injustice and abuse of executive authority. Let them repay him a part of this debt by standing as bravely by him in his fight for his political life as he stood by the black battalion on the floor of the Senate, in the Senate committee on military affairs, and on the platform and in the press.

"We also record our sense of deep gratitude to the Constitutional League of the United States for its brave and effective defence of the black battalion.

"In politics we must learn to love our friends and serve them, at whatever cost of personal or party sacrifice and loss, and at the same time to punish our enemies and seek their destruction at the polls.

"With a free ballot in our hands in the North, if we have the manly independence and the will to wield it, as a weapon of defense and offense, we can punish our enemies and reward our friends, and advance at the same time, unselfishly, the interests and the rights of the race, North and South alike.

"We can make this vote a terror, even to so powerful and autocratic a ruler as the present occupant of the White House and to Secretary Taft, and to politicans like Senator Lodge, of Massachusetts, and Senator Warner, of Missouri, who have vied with each other to do the bidding of President Roosevelt in relation to the black battalion.

"Let colored men unite, organize, concentrate everywhere in the North to defeat at the polls the enemies of the race, and in the South to defeat those same enemies."

Jerome's Telegram to Judge Barksdale.

There has been much comment among lawyers in New York on the act of District Attorney Jerome in sending a telegraphic message to Judge Barksdale, who is sitting in the Loving murder case, at Houston, Va. The fact that the telegram was sent just before Judge Barksdale rendered his decision against the admissibility of evidence to prove that Miss Loving had not told her father the truth led to the general inference that the District Attorney wanted Judge Barksdale to rule the other way. His telegram to the judge was as follows:

New York, June 27, 1907.

Judge Barksdale, Houston, Va.,

Consult note of Wigmore in Second Illinois Law Review, page 35, citing Knapp against State of Indiana, 79 Northeastern Reporter, page 1076. See also Commonwealth against Haurigan in 89th Ky., page 305.

WILLIAM TRAVERS JEROME.

Judge Barksdale is quoted as having said that the telegram was sent on the District Attorney's own volition, and, as he had no time to look up the authorities nor access in Houston to any of the law books referred to, he did nothing in the matter. It is generally believed in New York that District Attorney Jerome was anxious to have Judge Barksdale admit the contradictory evidence, so that he might use the decision when the Thaw case comes to trial again.

In the first trial it will be remembered, he was barred from producing evidence to prove that Evelyn Thaw was not telling the truth in her story to Thaw of her treatment by Standford White, just as the prosecution at Houston has been barred from producing evidence to prove that Elizabeth Loving did not tell the truth in her story to her father of her treatment by Theodore Estes. The similarity of the law points in the two cases has caused widespread comment, as well as the similarity of the rulings of Justice Fitzgerald and Judge Barksdale.

A dispatch from Lynchburg says that witnesses in the Loving case who passed through that city yesterday on their return home to Nelson county stated that it is generally understood that, should Judge Loving be acquitted, relatives of Estes will enter suit against him for damages, not for the purpose of obtaining money, but to prove the innocence of the deceased young man by bringing out testimony which was not allowed to be used in rebuttal, and which, it is claimed, would clearly show that he did not assault Miss Loving.

NEWBRO'S HERPICIDE

What Herpicide Does

Newbro's Herpicide destroys the tiny vegetable growth in the scalp that causes dandruff, itching scalp, falling hair and baldness. Once this microbic enemy of the hair is destroyed and kept out of the scalp, the hair is bound to grow as nature intended, except in cases of chronic baldness.

What Sunlight Does

Sunlight is nature's germ destroyer and prophylactic. The effect of sunlight upon the scalp proves highly beneficial, if a complete plan of scalp cleanliness is carried out. This cannot be done without the use of Herpicide, which prevents reinfection and keeps the scalp pure and wholesome.

More men and women have gotten positive results from the use of Newbro's Herpicide than from all other hair remedies combined.

Hot Weather Troubles

The perspiration that exudes in increased quantities during the summer months carries out poisonous and refuse matter that would otherwise clog up the pores of the scalp.

Incomplete elimination of this waste produces a hot and feverish condition of the sweat glands known as Prickly Heat, for which Herpicide gives immediate relief. Herpicide stops itching of the scalp almost instantly.

Col. Thomp Burton, Member of the Board of Managers of the Ohio Penitentiary, writes as follows of Newbro's Herpicide:

"As to Herpicide I find it an excellent hair dressing as well as being the first and only absolute dandruff cure I have found. Upon my advice a number of my friends are using Herpicide, and the unanimous verdict is that Herpicide is, in all respects, everything that its manufacturers claim for it."

Guaranteed under the Food and Drugs Act June 30, 1906. Serial No. 915.

TWO SIZES: 50c and $1.00—SOLD AT DRUG STORES.

Southern Makes Denial.

Charles H. Ackert, general manager of the Southern Railway, yesterday issued an official denial of the story widely circulated in the South to the effect that there is a general shake-up coming in the personnel of the management of the system. It has been intimated that the reorganization would be made along lines laid down by President Finley, and that the resignations of General Manager Ackert, Passenger Traffic Manager Hardwick, and General Passenger Agent Tayloe were among those that would be forthcoming. Manager Ackert gave the assurance that there would be no such action, in a telegram from Asheville to a southern newspaper.

SATURDAY EVENING, JUNE 29, 1907.

THE ADAMS EXPRESS COMPANY is about to present a bond of $200 to shareholders for every share of stock that they hold. In other words, it will pay a 200 per cent. dividend. Nine years ago it paid a 100 per cent. dividend. It pays annually the usual sort of dividend. The express companies do a lot of the business that the railroad companies ought to do (and, as adds the Philadelphia Record probably would do if the interests of railroad officials and railroad shareholders were always identical), and some of the business that the Postoffice Department would do for less money if the express companies did not keep a Senator to fight all parcel-post projects. No reasonable man objects to a company or a corporation making a fair dividend on its investment, but when in addition to this fair dividend it can in a few years pay 300 per cent. in "special" dividends, then is it clear that the people who are compelled to do business with it are being outrageously gouged.

THE U. S. ARMY was sent to the Phillippines to aid in "civilizing" the natives of those unfortunate islands, but since the beginning the reports from there of the conduct of both the officers and men of the army are most shocking. So bad did it become that it is now stated officially that several months ago an order was issued prohibiting officers from living with Fillipino women, on the ground that such conduct was a disgrace to the service and the flag, and prescribing the penalty of dismissal for every person found violating it. Besides the disgrace suffered by the United States and the army, it was announced, the practice is injurious in its effects upon the Fillipinos, and lessens that feeling of respect for the government class which the latter should enjoy. This is a shocking state of affairs indeed and reports from the Philippines are to the effect that the "order" is openly violated daily and that the "social evil" there is on the increase, against the peace and dignity of civilized people.

MARSHAL FARNAN, of Baltimore, announces that the Police Department of that city will prosecute every man, woman and child who explodes a fire-cracker or any other fireworks of that kind in the monumental city. The police will give their attention also to toy pistols during the next two weeks. Statistics of the deaths caused by such pistols are published every year, and undoubtedly they have had a great deterrent effect on the use of these pernicious playthings, but still the sale and use of them seem to go on. The chief of police of this city today announced his intention of instructing the police force to stop the sale of toy pistols, cannoncrackers and other dangerous contrivances, and to prevent all premature celebrations of the Fourth of July. The Mayor had previously stated that it is his purpose to see that this holiday is celebrated on sane principles.

THE INDIANA young ladies organized to protect themselves against the pleadings of impecunious suitors are determined that if marriage is to be a failure at all events it will not be involuntary bankruptcy. They have set the entry fee to their front parlors and their hearts (the way to a girl's heart being through the parlor) at $2,000 cash and a life insurance policy for the same sum. It is now up to the Indiana men, if they be men, to retort with a Protective League which shall debar from sentimental consideration all fair ones who refuse to submit all their candy, matinees, pomade and hat bills to the league's auditors. Such a league would accomplish as much as the other one—to wit, how much?

THE WAR upon the users of cocaine, especially school boys, led to the arrest of seven youths in Newark, N. J., yesterday and the imposition of small fines upon each. The prisoners' ages ranged from sixteen to nineteen years. They sold the drug to smaller boys. The cocaine was obtained from Chinatown, in Newark. The cocaine habit seems to be on the increase, and the use of the narcotic is naturally causing more and more apprehension daily. Laws forbidding the unlawful sale of cocaine are on the statute books of nearly every State, but it is feared that they are not enforced in many instances.

A TELEGRAM from Judge C. E. Nicol to this office denying the intimation made in the Washington papers today that he may be an independent candidate for Congress will be seen in another column. The Washington papers, as has frequently been stated, are prone to misstatements concerning Virginia affairs. No less strong a denial than he has made was expected from Judge Nicol by his friends throughout the district.

IT IS SAID to be a question of only a little time when five or six of the great war ships of the navy that have been launched within ten or twelve years will have to be sold by the auctioneer and broken up for old iron. This will give so many more profitable jobs for shipbuilders and manufacturers of armor plate.

SECRETARY TAFT announces that American occupation will continue in Cuba for eighteen months longer, at least. "Cuba Libre" is fast becoming an irridescent dream.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, June 29.

The United States Treasury surplus is now more than $84,000,000. At the close of business today, which will be the end of the fiscal year, the excess of receipts over expenditures may reach $86,000,000. The present year would stand as the banner twelve months of more than a decade, and a half, were it not for 1902, when the surplus reached $91,000,000. In that time this country has had eight fat and eight lean years. The surpluses ranged from $2,000,000 in 1893 to over $79,000,000 in 1900. Last year it was approaching $26,000,000 The deficits went all the way from $18,000,000 in 1897, to as high as $89,000,000, in 1899. There has been a net gain of over $126,000,000, since 1904. Customs and internal revenue receipts are reponsible for much of the good showing of the present year. There has been an increase of about $32,000,000 in the former and of $50,000,000 in the latter. Customs have already reached $331,645,252, and internal revenue $268,611,157. There has been a total increase in expenditures of about $7,000,000. There were decreases in the following items: Civil and miscellaneous, $35,000,000; war, $18,000,000; navy, $15,000,000; pensions, $2,000,000.

With the ushering in of the new fiscal year on Monday, there will be put into effect a number of new laws. Thereafter ten cents worth of ordinary stamps in addition to the required letter postage, with the words "special delivery" written across the envelope, will be an acceptable substitute for the regular special delivery stamp. The new ten dollar gold certificate will make its debut. On the face of this new denomination of gold certificate will be a likeness of Michael Hyllegas, the first treasurer of the United States, taking up nearly the entire space. Nearly 20,000 postal clerks and more than 24,000 city letter carriers get increases of salary. Rural carriers also come in for a raise. Railway mail employees also get raises. The compensation of railroads for carrying the mail will be reduced. Every postmaster, for the next six months will keep a record of the weight of mail of each class. The new immigration law, regulating the solicitation of immigration, and the accommodations to be accorded immigrants aboard ships, will go into effect. The reorganization of the artillery corps will go into effect. The department of commerce and labor will begin its investigation into woman and child labor. The United States will be allowed the right to a writ of error to the Supreme Court of the United States in certain criminal cases.

A serious blow has been handed to the land and pension sharks, through a decision announced today by Assistant Attorney General Woodruff of the Interior Department. Bounty land warrants which were until recently worth three or four times their face value, are practically worthless now as a means of speculation. The scheme was to buy bounty land warrants from veterans of the Mexican and 1812 war at about their face value and sell them at a profit of from 300 to 500 per cent. Heretofore a warrant has been accepted as so much cash in the purchase of a government tract of land anywhere in the United States. Under today's decision, bounty warrants, or what are termed private entry warrants, will be good only for a claim of land in Missouri, and actual settlement upon the land will be a condition precedent to full ownership.

Mrs. Tucker, accompanied by Senator Cullom, of Illinois, called today on the Secretary of War with reference to the charges against her husband. It is officially admitted that the charges involved alleged indiscretions on the part of Col. Tucker, not only in Manila, but while en route from the Philippines to Chicago.

Mrs. W. O. J. Behan, of New Orleans, president of the United Daughters of the Confederacy, acting in behalf of that organization, has commissioned Representative Meyer, of Louisiana, to take such steps as are necessary to restore the name of Jefferson Davis to the tablet on Cabin John Bridge, near this city.

The federal grand jury today resumed its investigation of the wreck on the B. & O. R. R. last December at Terra Cotta, D. C., when 46 persons were killed and several score injured. It is now stated that the investigation will be brought to completion within the next three or four weeks. Indictments are expected to be returned against the engineer and conductor of the train that crashed into the excursion coaches, the operator at Silver Springs station and possibly one or two officials of the railroad.

The Richmond Primary.

The democratic primary election, for the House and Senate in Richmond yesterday, passed off very quietly. Less than 4,000 votes were cast, the smallness of the vote polled being in part due to the heavy rain of the afternoon and early night. It is estimated that the weather kept at least 1,000 voters away from the polls.

Two Senators and five members of the House of Delegates were elected, there being twice the number of candidates in each instance as there were offices to be filled. The election resulted as follows:

For the Senate, E. C. Flokes and A. C. Harman (re-elected); for the House, C. P. Cox (re-elected); Harry Glenn (re-elected), Eugene C. Massie (re-elected), Charles E. Wingo, and Hill Montague.

Interest in the election centered in the candidacy of A. Beirne Blair, a member of the Board of Alderman, for the Senate in opposition of A. C. Harman. Harman won by the narrow margin of seven votes, the last precinct heard from deciding the contest. Blair has filed notice, that on account of the closeness of the vote, he will appeal for a recount.

Mrs. Belle Stevenson Dickinson, wife of W. J. Dickinson, died Thursday at her home in Caroline county, aged thirty-one years. She was a daughter of Gen. Carter L. Stevenson.

The question of prohibiting the use of the rifle bullets adopted by Germany, Great Britain and the United States, on the ground that they are more dangerous than the "dum-dum" bullets, will be raised in the Peace Convention. Nina King, the woman who shot William F. Dunn, a race track man, on the grand stand at Pimlico during the recent race meeting, was released yesterday at Baltimore, the indictment being nolle prossed because Dunn failed to appear against the woman. Dunn was shot in the arm and only slightly wounded. Nina King at the time said she shot Dunn because he had deserted her for another woman.

Because her husband had brought suit for divorce, Mrs. Charles Borg, of Diamond, Ind., fired their home yesterday and then, walking a mile to where he was living, told her husband what she had done, and that she had brought her clothes along to go to jail. Borg refused to believe his wife until he saw the smoking ruins of his home. Mrs. Borg was placed under arrest, and in default of $1,000 bail went to jail. The officers believe she is insane and a commission will examine her.

Mrs. Maggie Perdue, aged sixty-one, was shot and instantly killed in her home at Glen-Lyn, Mercer county, W. Va., Thursday evening, by her sixteen-year-old son, Charles. The lad had a shotgun across his shoulder and was leaving the premises when his mother called him. In turning to answer his parent, the gun was discharged, the entire load taking effect in Mrs. Perdue's body. It is believed the shooting was accidental. Mrs. Perdue leaves a husband and six children.

The two-year-old baby girl of Mr. and Mrs. Samuel Kinkelstein, of York, Pa., died Thursday night. Yesterday morning the father placed it in a soap box coffin, and, with a spade and mattack, he started for the cemetery with the intention of burying it. When the neighbors observed the soap box, which was to be the coffin of the girl, they immediately telephoned to police headquarters and notified Coroner A. N. Groves. He made an investigation and the police held up the interment of the little one until the parents consented to secure a more suitable coffin.

Minns, the two-year-old daughter of Mr. and Mrs. J. H. Moody, of Waco, Texas, was carried into the air Thursday by a bundle of toy balloons which an Italian peddler on the veranda of the hotel tied around her waist, thinking to please her. Before the spectators could recover their surprise she was wafted out to sea, 50 feet in the air. A launch occupied by George Munafee, of Denver, was in the bay and he came to the little girl's rescue. Firing at the bundle of balloons he punctured several of them and she began to settle downward, finally landing safely 12 feet from the water on the shore of St. Joseph's Island.

What promises to be another cause celebre in the army has been precipitated through the action of Mrs. John A. Logan, widow of Gen. John A. Logan, in filing a complaint at the War Department, alleging scandalous conduct on the part of her son-in-law, Lieut. Col. William F. Tucker. If an investigation begun by the department should substantiate her statements, Lieut. Col. Tucker stands in danger of court-martial. The complaint filed by Mrs. Logan is said to be based upon the way in which her son-in-law conducted himself while stationed in the Philippines. The military authorities recently issued an official order in regard to the relations which should exist between army men stationed in the far eastern archipelago and Filipino women. These relations have tended to bring disgrace upon the army and the United States, and a number of courts-martial have occurred, which have resulted in the dismissal of the officers involved.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

THE LOVING TRIAL.

After a day spent in legal sparring over instructions, the Loving murder trial, at Houston, started on its last lap yesterday afternoon at 4 o'clock, when Daniel Harmon, of Charlottesville, opened the argument for the State.

The question of instructions, which was to have been disposed of at the morning session, proved a great obstacle, the lawyers being wide apart on three or four points. They disputed over these for some time and finally presented arguments stating objections for each side, submitting the papers to Judge Barksdale, who at once adjourned court till 3 o'clock and began the preparation of the instructions on his own account, using the framework prepared by both sides. The instructions are fair to both sides, but it is accepted as true by the laity that the avenues for acquittal of the defendant are many, the "unwritten law" finding a way through the "insanity" plea.

Judge Barksdale said that it was not his purpose to tell the jury what to do, that it was within their province to hear all the evidence, to judge of that for themselves and to give a verdict as their consciences dictated, supported by their oaths. He said that the character of Miss Loving and that of the dead man were not subjects before the jury, and that the fact that experts had been called to testify should not prejudice their verdict against the defendant.

Daniel Harmon, in opening his argument, said that it was not his idea or desire to be abusive or vituperative; that he would not add an iota to the great burden which the defendant and the members of his family were already bearing. He would not be personal in his remarks, and in his speech he would refer to the crime rather than to the man who had committed it.

Taking up the plea of insanity, he asked if the fact that Judge Loving had controlled himself when told the happenings by Sneed was an indication of insanity. Was his getting his horse and buggy, going to his office, selecting shells loaded with buckshot, any indication that he was insane? Did the four-mile drive to Lovingston, going to the store of Estes and asking for him, and then going to another store and asking for him, give reason to believe that he was insane? Would the owner of an immense estate place at the head of it as manager a man who had the reputation of being insane?

He said that young Estes lay sleeping the last sleep on the hillside of Nelson, and that no attack had been committed or proven. There was no evidence to substantiate that claim. The judge had said that the jury could not say what were the facts in the claim, and had no right to presume in the matter. To acquit Loving would be to make the life of men unsafe. The fact that an expert from outside the State had been brought here should have no weight. They could be gotten on any subject as long as the fee was forthcoming. He said that the jury should ascertain if murder had been done, and if so to name the responsible man and to fix his punishment.

Aubrey E. Strode, of Amherst, opened for the defense. Getting right down to the facts in the case, he asked the jury to put themselves in the place of the man at the bar and to give their verdict accordingly. The State had said that to let Loving go without punishment would be saying that the life of men was unsafe. To punish him would be tantamount to letting go scot-free all men who attacked women and that no Virginia jury had ever punished a man for defending the honor and purity of his home.

The laws of the State had written into them that whenever a man attempted to attack a woman, that man forfeited his life. He would not dry a tear that was shed over the grave of the unfortunate young man, yet he could not bring himself to say that a man who had defended his daughter should be made to suffer at the hands of the law. He believed that the men of Halifax entertained the same high ideals and regard for woman that prevailed in the State, and asked the members of the jury who had daughters, and from whom they were separated this night, to think of returning to their homes and finding the condition of affairs that confronted Judge Loving.

Argument were resumed today. Senator Barksdale, R. Walton Moore and John L. Lee will argue for the defense, and Wood Bouldin will close for the State.

Houston, Va. June 29.—An immense crowd assembled in the court room this morning to hear the further arguments the Loving case. State Senator Barksdale addressed the jury for a few minutes on behalf of the prisoner. He spoke impressively upon the sanctity of the Virginia home, saying he did not believe a Halifax jury would convict any man of murder for trying to maintain that sanctity.

"I thank God," said he, "that in Virginia, at least, the man who invades the sanctity of the home does so at his own risk and that the head of the family can lose his self-control."

Attorney R. W. Moore, who followed Lawyer Barksdale for the defense, addressed the jury on the defendant's mental condition at the time of the killing. He reviewed the experts' testimony and declared that the preponderance of evidence in this connection was that the mind of Judge Loving, impaired after many years of excessive drinking, would give way under severe strain and stress. The speaker then reviewed the testimony of Judge Loving, his brother in-law, who first informed him of the condition of his daughter and the testimony of Miss Elizabeth Loving. Like the other two speaker who had preceded him he asked the jurors to place themselves in the same position as the defendant and decide whether or not their mind would give way under such circumstances.

Attorney Lee, who followed Mr. Moore, opened with an eloquent and pathetic appeal to the jury's sympathies, pleading for Judge Loving's acquittal in the name of the sanctity of Virginia homes, the preservation of honor and the virtue of the women in the South. The speaker referred to the pitfalls for working girls in the northern cities, and compared these conditions with the more favorable in Virginia. His address was the same appeal on the ground of "unwritten law" despite the fact that he did not use this phrase.

Court adjourned at 1:20, at the conclusion of the address of Attorney Lee, until 3 o'clock when Commonwealth's Attorney Wood Bouldin, of Halifax county, will speak. The case will likely go to the jury before 5 o'clock.

Strikes in New York.

New York, June 29.—In consequence of the strike of the employees of the street-cleaning department, Mayor McClellan is endeavoring to have their duties performed by the health department. The sympathizers with the strikers are active and every wagon load of refuse is gathered at the expense of several broken heads. The wagon men no sooner draw up to the curb then they are attacked by the crowd and showered with bottles and brickbats from the roofs of buildings in the vicinity.

The ice tie-up is serious only below Thirty-fourth street, the section north of that boundary being a different division of the trade where the men, better paid and liberally tipped, have little complaint. In the crowded tenement districts, however, there is much suffering. The price of meat in down-town markets has also been increased and similar increases are likely to be made today on all kinds of perishable food.

The ceremony was performed by Bishop Lawrence at noon at the magnificient country estate of the bride's father here. The 200 guests included some of the most notable society people of Boston, New York and Newport. Count Von Moltke was attended by Baron Rosenkrantz, of Denmark, his half-brother. After visiting friends in this country the couple will sail for Denmark on July 10.

The Haywood Trial.

Boise, Idaho, June, 29.—The defense in the Haywood case began a definite effort today to fix upon the mine owners responsibility for deeds of violence in the mines in Cripple Creek district which the prosecution lays to the miners' union. George Wood a non-union miner called as a witness by the defence, is under cross-examination. He told yesterday afternoon of the Vindicator mine explosion, and although he did not accuse the mine owners of intentionally causing the disaster in this instance, he did say that the explosion was unquestionably accidental and that the owners endeavored to make it appear that the union was to blame. Senator Borah, for the prosecution, is conducting Wood's cross-examination today.

The Automobile Race.

Point Breeze Track, Philadelphia, June 29.—Seven of the ten contestauts in the 24-hour automobile race are still circling the track. The other three cars have been wrecked. Schilla and his Mercedes had the first accident, running into the fence on the first turn shortly after the second hour. Two hours later L. Smelzer sent his car through the fence almost in the same place, but landed in a ditch filled with water and escaped injury. In the eighth hour the Mitchell also struck the fence and the mechanic broke a rib and was taken to the hospital.

Ominous Movements of Steamers.

San Salvador, June 29.—The Nicaraguan gunboats, escorting several steamers hurriedly converted into transports, sailed today from Corninto, Nicaragua's best Pacific port, bearing troops, according to a report received here. It is believed the fleet has been dispatched by President Zelaya to attack Salvador or Guatemala. War which may involve all Central America is regarded as certain to follow the sailing of the little fleet. Hurried preparations are being made here to rush soldiers to any point in Salvador attacked by the fleet.

Book-keeper Alleged Highwayman.

Boston, June 29.—Startling evidence of a double life has been revealed by the clever detective work which landed in jail today Chas. J. Whelan, a bookkeeper employed by the New York, New Haven and Harvard Railroad charged him with one of the boldest highway robberies on their record. Although Whelan is known to his associates only as a prosperous, industrious bookkeeper, the detective say he is the man, who last Monday, in broad day light, held up Miss Dora Goldberg and robbed her of $2,027 which she was carrying to the bank for her father. Miss Goldberg say she is sure Whelan was her assailant. The clew which led to the man's arrest was the hat dropped by the robber in his flight.

Running a Mile a Minute.

London, June 29—At 3:45 this afternoon Edge had completed 1,440 miles, which was the record of a mile a minute for the entire time which he hoped to establish when he started. As the twenty four hours would not expire until 6 o'clock Edge had two hours and 15 minutes to his credit in which to better the anticipated record. His speed at the hour mentioned had averaged a trifle over 1.1 miles a minute.

Edge completed the twenty-four hour test at six o'clock with his machine flying at the greatest speed he attained during the entire time. His total distance was, 581 miles and 1,310 yards, breaking all previous record. In the last hour he maintained a speed of 72 miles an hour.

Fight with Strikebreakers.

New York, June 29.—Knives, pistols and clubs were used freely in a fight in Williamsburg today between 500 sympathizers with the union hat and cap makers' strike on one side and a party of 50 strikebreakers and a small squad of special policemen on the other. Six men were injured, two of whom are dying. The unionists were meeting in a hall at Manhattan avenue and Meserol street when the room was invaded by the strikebreakers and deputies.

PRETTY WEDDING.

The picturesque Copel Chapel, tastefully decorated with ferns and daisies, was on Wednesday morning, June 26th the scene of a pretty wedding, Miss Jane Blake Newton, of Hague, becoming the bride of Mr. William George Walker, of Montross. The bride, a niece of the late Bishop Newton and granddaughter of Hon. Willoughby Newton, entered on the arm of her father, Mr. E. C. Newton and was met at the altar by the groom, who is a well-known young man of Montross and a nephew of the Rev. W. W. Walker. The ceremony was performed by Rev. Mr. John Poyntz Tyler, an uncle of the bride.

The bride's dress was of white chiffon over silk and she carried white carnations. The bride's sister, Miss Mary S. Newton, was maid of honor and wore pink brocade silk and carried a beautiful bunch of pink carnations. The bridesmaids, in white French muslins and carrying bouquets of daisies and ferns, were: Miss Annie Lee Murphy, of Alexandria; Miss Nellie Harvey, of Montross; Miss Lila Brockenbrough, of Warsaw; Misses Ida and Annie Brown, of Hague.

The best man was Mr. E. Stanley Walker, brother of the groom. The groomsmen, in plain black with button bouquets of white carnations, were: Mr. R. O. McKenney, of Washington; Mr. George Mason, of Colonial Beach; Mr. James Walker, of Baltimore; Mr. E. C. Griffith, of Hague; and Messrs. Fred and Blake Newton, brothers of the bride.

After the ceremony Mr. and Mrs. Walker, the bride, in a lovely travelling dress of blue silk, left Montross amid showers of congratulations and best wishes from their many relatives and friends. After an extended wedding tour the bridal couple will return to the groom's home at Montross.

The Jim Crow Cars.

A decision of importance to cities of the State where electric cars are operated was rendered yesterday by Justice Crutchfield in the Richmond Police Court, when he imposed a fine of $10 upon James R. Gordon, president of the Chamber of Commerce, who refused to change his seat on a street car when Conducter Powell requested him to do so.

Mr. Gordon was sitting on the third seat from the rear smoking. The seat was empty except for himself. The two rear seats were filled with negroes. Mr. Gordon told the conductor he would move to the rear if room were made for him. The conductor declined to move the negroes or any of them to make room for Mr. Gordon, and finally put him under arrest.

Mr. Gordon has appealed the case to the Hustings Court, and in the advent of an adverse decision there it is not at all unlikely that he will carry the case to the Supreme Court.

Mrs. Nellie Van Diggelin, wife of Yebb Van Diggelin, a large land owner and farmer living near Green Bay was found dead by her husband Thursday morning about 5 o'clock. She had been shot through the heart with a .22 caliber rifle. Mr. Van Diggelin upon awakening found his wife missing. He got up and went out to look for her, finding her lifeless body at the corner of their hen house. The rifle, which was their own, was a few feet from the body. The impression is that she suddenly became insane and determined to end her life, as she had been in bad health.

A Real Wonderland.

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritable wonderland. At Mound City, in the home of Mrs. E. D. Clapp, a wonderful case of healing has lately occurred. Here son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," writes Mrs. Clapp, "when I began giving Dr. King's New Discovery, the great medicine, that saved his life and completely cured him." Guaranteed for coughs and colds, throat and lung troubles, by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

COMMITTEE CANVASSES VOTE.

The democratic committee of the Eighth Congressional district met at the Metropolitan Hotel in Washington at 4 o'clock yesterday afternoon. There were present George Shackelford, of Orange, chairman; Grenville Gaines, of Warrenton; Raleigh Green, of Culpeper; Thomas R. Lion, of Manassas, and Gardner L Boothe, of Alexandria.

All returns from the county and city chairmen throughout the district were received and computed, resulting as follows:

	Carlin.	Gordon.	Nicol.	Ryan.
Alexa. city	1,145	17	237	2
Alexa. county	241	2	286	...
Culpeper co	673	486	70	3

Prince Will'm.	210	73	773	12
Stafford co	163	99	90	...
Totals	4,072	3,457	3,269	17

It will be seen that Mr. Carlin's plurality over Mr. Gordon is 615 and over Judge Nicol 803.

Judge C. E. Nicol filed a petition for a full investigation of the recent primary in the following words:

To the honorable district committee of the Eighth Congressional District of Virginia:

Whereas there have been charges in the public press and otherwise of bribery and illegal use of money, and illegal registration and voting in the primary election that occurred on the 19th instant, as one of the candidates before said primary I demand an investigation of said charges, and to that end respectfully petition your honorable committee to adjourn to such time and place in Virginia as may seem proper to your committee in order that a public hearing of said charges may be had. And your petitioner further states that whatever may be the outcome of said investigation he would not accept a nomination at the hands of your committee, but this investigation is sought by your petitioner in the interest of public morals, the good of the democratic party, and the purity of elections in Virginia; and your petitioner requests that said investigation be sufficiently broad to comprehend the action of all the candidates, including your petitioner, and their friends, at and before the said primary. And your petitioner further requests that in the event any considerable fraud, bribery, or illegal voting be found to exist in said primary that a new election be awarded by your committee. Respectfully,

June 28, 1907. C. E. NICOL.

The following resolutions were passed by the committee:

Resolved. That this committee adjourn until the 6th day of July 1907, at which time, at 10 o'clock a. m., a meeting will be held at Alexandria, Va., at the office of Gardner L. Boothe, to fully consider the protest of Judge Nicol.

Be it further resolved, that Judge Nicol be required, within five days from this date, to formulate specific charges in reference to his protest, which charges shall give names, dates, wards, precincts, counties, towns, cities, &c., a copy of which charges shall be forwarded within five days to the chairman of this committee and a copy to Messrs. Carlin and Gordon.

Be it further resolved, that at said meeting Judge Nicol and R. Lindsay Gordon, should he desire to do so, shall produce witnesses to sustain said charges.

Prior to the adoption of the abovementioned resolutions, Mr. C. C. Carlin was notified, and appeared before the committee. He joined in the request that a full investigation be made.

The only specific charge of fraud came from Culpeper county, and was made by the Culpeper Enterprise, which opposed Mr. Carlin, and which charged that of the two hundred votes cast in Catalpa district, that county, for Mr. Carlin, one hundred were bought. In refutation of this charge over 150 of the 200 who voted for Mr. Carlin have signed a statement denying the charge.

Mr. Carlin's friends, throughout the district, are deeply resentful of this charge. They declare it to be wholly unwarranted.

The following was received at this office today:

Manassas, Va., June 29, 1907.

To the Editor of the Alexandria Gazette.

The intimation in the Washington papers that I may be an independent candidate is absolutely unfounded. I decline to accept the terms of investigation as laid down by the committee and the matter is ended so far as I am concerned. I congratulate Mr. Carlin, on his nomination and will support him and ask my friends to do likewise.

C. E. NICOL.

This it is believed will end the entire matter and that the meeting called for July 6th in this city to consider the protest of Judge Nicol will be abandoned.

THE "ARK"

Mention has already been made of the proposed action to be taken by the several church societies of the city in their efforts to drive off the ark anchored on the Maryland side of the river below this city, on board of which, it is said, gambling is carried on.

The following appeal was presented this week to Mr. S. G. Brent, Commonwealth's Attorney, and definite steps are already being taken, the results of which will shortly be seen.

Whereas, There has been operated in a house boat, on the Potomac river in front of our city, for several months past, a resort, where, according to common report, the State laws against gambling and the sale of liquors on Sunday are being openly violated, and

Whereas, The State of Virginia has criminal jurisdiction over the Potomac river, and you, by the authority of the State vested in you as Commonwealth's Attorney, have it within your power to close this resort.

We, the undersigned, authorized representatives of the men's organizations of the churches of this city, do appeal to you to use the authority of the State of Virginia vested in you, to cause the operators of this resort to cease their violations of our laws, and, if possible, to bring the guilty parties to justice, and we do hereby extend you the hearty support of our respective organizations in the execution of your duty in this matter.

Schofield, $2,500, and the residue of her estate to her children share and share alike. She appointed D. W. Schofied and N. S. Greenaway executors. The latter, however, declined to serve and Mr. D. W. Schofield qualified as such.

ACCIDENT TO A BOY.

A little son of Mr. William Schafer, living on Wilkes street, was the first victim this year of the premature celebration of the Fourth of July. A giant powdercracker exploded in his hand and seriously lacerated that member. The boy was taken to the Alexandria Hospital for treatment. In this connection it may be stated that Chief Goods of the police force has instructed the officers to put a stop to the too previous celebration of the Fourth. He has also instructed them to notify shopkeepers that they are forbidden by law to sell cannoncrackers, toy pistols and other dangerous contrivances for making noise.

NO COURT.

The July term of the U. S. Court, Judge Edmund Waddill, will not be held commencing on Monday next, as the judge will be on business in Richmond all next week and for some time during the month with other cases. He will, however, be here on Monday and make some disposition of the prisoners who are now confined in jail here and of several persons who are on bail to appear at the July term. Judge Waddill will set some later date for the summer term of the court.

DEATH OF R. W. JOHNSTON.

He had many friends in this city as well as in his native county. The funeral will take place from the residence tomorrow morning.

THE STRIKE IN WASHINGTON.

Work on more than twenty buildings was stopped yesterday as the result of the refusal of members of the bricklayers' union and the Building Trades Mechanics' Council to continue on jobs where the open shop is in force, and Washington is on the verge of what promises to be the greatest building trades' strike in its history. More than 200 men are involved in the strike, a great part of them being bricklayers.

The executive board of the Bricklayers' Union had notified most of its men of the action decided upon at the meeting Thursday night, and only a few bricklayers were at work yesterday morning when the business agent of the union make his rounds. Members of the Building Trades Council said last night that they were determined to continue ordering strikes on all buildings where the open shop prevails.

The Master Builders' Association and the Employers' Association held a brief conference last night. They refused to make a statement regarding the action decided upon, but it is generally understood that they propose having nonunion men sent to Washington from other cities to break the strike.

The Washington union of the Brotherhood of Carpenters and Joiners, at its meeting last night, declined to join the Building Trades Mechanics' Council in its action in striking for a closed shop and consequently the 1,200 corpenters in Washington will continue to work.

A strike of hod carriers has brought to a sudden stop what little building is going on in Alexandria. The strikers want Saturday half holiday with pay and other concessions allowed in Washington.

FUNERAL.

The funeral of the late George P. Aitcheson, who died yesterday morning at his home, 411 Duke street, of typhoid fever, will take place from the residence tomorrow evening at 5 o'clock. Rev. P. P. Phillips, rector of St. Paul's Protestant Episcopal Church, will officiate. Andrew Jackson Lodge of Masons, Mount Vernon Chapter, Royal Arch Masons; Old Dominion Commandery, Knights Templar; the Friendship Veteran Fire Association and the Bachelor Club, of which organizations the deceased was a member, will be represented at the funeral.

DEATH OF COLORED BOY.

James W. Digge, the eleven-year-old grandson of Beverly Digga, colored, died last night at his home on Wolfe street, between Fairfax and Lee. The boy, it will be remembered, was the victim of a terrible accident several years ago. While climbing on a moving vehicle one of his legs was caught in the spokes of a wheel and so badly injured as to necessitate its amputation.

ROBBERY.

Mr. John Crilly's store on the corner of Fayette alley and the Strand was entered last night by thieves and $3 in money stolen from the cash box, and a quantity of smoking and chewing tobacco, eight quart bottles of whisky, some gin, a Smith & Wesson .32 caliber revolver and holster, &c., carried away. The police are at work on the case.

ALEXANDRIANS VICTORIOUS.

The Baptist Sunday school baseball team defeated the Haines Athletic Association of Washington in a game of ball at Luna Park yesterday by a score of 15 to 6. The pitching of Pitts and Treanary was good. The feature of the game was the home run hit of Glover.

Tetter Cured.

A lady customer of ours had suffered with tetter for two or three years. It got so bad on her hands that she could not attend to her household duties. One box of Chamberlain's Salve cured her. Chamberlain's medicines give splendid satisfaction in this community.—M. H. Rodney & Co., Almond, Ala. Chamberlain's medicines are for sale by W. F. Creighton & Co. and Gibson & Timberman.

LOCAL BREVITIES.

It is reported that Mrs. Rose Dove, wife of James Dove, who left her home in this city some weeks ago, is in Washington.

During the month of June the Clerk of the Corporation Court recorded 47 deeds and issued 45 marriage licenses—32 to white and 13 to colored persons.

Two years ago on June 30, 656 dog licenses had been issued; one year ago 550, and today only 375. But there are just as many dogs in the city as ever.

There were light showers of rain near the close of yesterday, followed by others during the night. A cool northeast wind prevailed this morning with more copious rains. The mercury in the thermometer hovered about the 65° mark.

Antonio Mareno, an Italian, was arrested yesterday near Franconia, Fairfax county, by Constable A. J. Payne, on a charge of selling liquor without a license. The accused was brought to the station house in this city. He was given a hearing before Justice Triplett, of Fairfax county, this afternoon. No judgment had been rendered when the Gazette went to press.

One Boy Kills Another.

Thos. Edwards, 13 years old, brother of young George Edwards, one of the youths recently drowned by the capsizing of a boat off Sewell's Point, was accidently shot and killed by his cousin, George Groves, aged 13 years, at Bennett's Springs, Roanoke county, Va., at noon Thursday.

The boys, who were chums, were with Mrs. James S. Groves, the mother of young Groves, at the Groves' cottage at Bennett's Spring. The boys had their grips packed to return to Norfolk Thursday night. Upon the same train Mrs. Groves, accompanied by her grief-stricken son, brought the body of the Edwards boy home, arriving yesterday.

Mrs. Groves had just called the boys to dinner and they were coming up from the springs when young Edwards saw a robin on the lawn.

"Run get your gun, George," said Edwards. Groves got the gun, but found it would not fire. He stopped to "break" the gun, with the muzzle upward. Without the knowledge of Groves, the Edwards boy ran up behind and peeped over his cousin's shoulder. Mrs. Groves shouted to Edwards to get out of the way, but before the words were out of her mouth the gun went off, the load went into Edwards' head, and he fell a corpse.

Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must from necessity be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's Remedies have been in the market for many years and enjoy a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, cold, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumanic pains.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs but $1.25. For sale by W. F. Creighton & Co. and Gibson & Timberman.

Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; He says: 'Doctors got badly mixed up over me; one said heart disease; two said it was kidney; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranted to cure blood poison, weakness and all stomach, liver and an, weakness and all stomach, liver and kidney complaints, by E. S. Leadbeater & Sons, druggist, 50c.

POWER BOAT REGATTA.

The power boat regatta, which will be held in connection with the second annual excursion of the Business High School Alumni Association, of Washington, this afternoon, will probably be one of the most interesting affairs of its kind ever held on the Potomac river. Twenty-two contestants for the three prizes to be awarded in the several classes into which the regatta is divided have already made formal entries. The start will be made from the wharf of the steamer Charles Macalester in Washington. The smallest class of boats will start at 5:30 o'clock, the intermediate class at 6 o'clock, and the largest class at 6:15, a preparatory gun being fired two minutes before the starting time for each class. The finish will be at Marshall Hall.

Salesman Murdered.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.

Notice to City Taxpayers.

Collector's Office, June 17, 1907.

Notice is hereby given that the tax bills for 1907 are now in the hands of the collector. The attention of parties interested is respectfully called to the following extract from the revenue bill of that year:

"Upon all bills paid in full by the 1st day of July, 1907, the Collector of Taxes shall allow a discount of ten per cent., and on all bills paid by the 1st day of September, 1907, he shall allow a discount of five per cent., and on all bills not paid on the 1st of December, 1907, there shall be assessed and collected a penalty of five per cent. upon the amount of said bills, and on all bills remaining unpaid on the 1st day of June, 1908, damages at the rate of six per cent. per annum shall be paid."

Taxpayers would do well to call and pay at once in order to avoid the rush and crowd usually present on the last days in which the discount is allowed.

Bring a list to make sure you get bills for all your property, as the collector will not be responsible or allow the discount after the time fixed by law.

P. F. GORMAN,
je17tjy1 Collector City Taxes.

NOTICE TO GAS CONSUMERS.

Gas bills for the quarter ending June 1, 1907, having been delivered, this is to notify all customers that the usual discount will be allowed on all bills paid on or before July 1, 1907. After that date no discount will be allowed and delinquents will be required to make early settlement. By order of the Committee on Light. J. B. WALLER,
